Matching Game
Thank you for your support of the California Academy of Sciences! Members are our perfect “match.”

INSTRUCTIONS:
Print out two copies of this sheet and cut out the individual squares.
Optional: Paste the paper on thin cardboard (like a cereal box) to make sturdier cards.
1. Mix up the cards.
2. Lay them in rows, face down.
3. Turn over any two cards.
4. If the two cards match, keep them.
5. If they don’t match, turn them back over.
6. Remember what was on each card and where it was.
7. Watch and remember during the other player’s turn.
8. The game is over when all the cards have been matched.

Asian giant toad
Phrynoidis asper
